The county, or its designee, may extend the temporary identification card for no more than 30 days at a time, so long as the applicant continues to meet the requirements of this paragraph.

(b) If the county health department or the county's designee approves the application, it shall, within 24 hours, or by the end of the next working day of approving the application, electronically transmit the following information to the department:

(1) A unique user identification number of the applicant.

(2) The date of expiration of the identification card.

(3) The name and telephone number of the county health department or the county's designee that has approved the application.

(c) The county health department or the county's designee shall issue an identification card to the applicant and to his or her designated primary caregiver, if any, within five working days of approving the application.

(A) Updated written documentation of the person's serious medical condition.

(B) The name and duties of the person's designated primary caregiver, if any, for the forthcoming year.

(b) If a person who possesses an identification card fails to comply with this section, the card shall be deemed expired. If an identification card expires, the identification card of any designated primary caregiver of the person shall also expire.

(c) If the designated primary caregiver has been changed, the previous primary caregiver shall return his or her identification card to the department or to the county health department or the county's designee.

(d) If the owner or operator or an employee of the owner or operator of a provider has been designated as a primary caregiver pursuant to paragraph (1) of subdivision (d) of Section 11362.7, of the qualified patient or person with an identification card, the owner or operator shall notify the county health department or the county's designee, pursuant to Section 11362.715, if a change in the designated primary caregiver has occurred.

11362.765. (1) A qualified patient or a person with an identification card who transports or processes marijuana for his or her own personal medical use.

(2) A designated primary caregiver who transports, processes, administers, delivers, or gives away marijuana for medical purposes, in amounts not exceeding those established in subdivision (a) of Section 11362.77, only to the qualified patient of the primary caregiver, or to the person with an identification card who has designated the individual as a primary caregiver.

(3) Any individual who provides assistance to a qualified patient or a person with an identification card, or his or her designated primary caregiver, in administering medical marijuana to the qualified patient or person or acquiring the skills necessary to cultivate or administer marijuana for medical purposes to the qualified patient or person.

(c) A primary caregiver who receives compensation for actual expenses, including reasonable compensation incurred for services provided to an eligible qualified patient or person with an identification card to enable that person to use marijuana under this article, or for payment for out-of-pocket expenses incurred in providing those services, or both, shall not, on the sole basis of that fact, be subject to prosecution or punishment under Section

11359 or 11360.

11362.768. (a) This section shall apply to individuals specified in subdivision (b) of Section 11362.765.

(b) No medical marijuana cooperative, collective, dispensary, operator, establishment, or provider who possesses, cultivates, or distributes medical marijuana pursuant to this article shall be located within a 600-foot radius of a school.

(c) The distance specified in this section shall be the horizontal distance measured in a straight line from the property line of the school to the closest property line of the lot on which the medical marijuana cooperative, collective, dispensary, operator, establishment, or provider is to be located without regard to intervening structures.

(d) This section shall not apply to a medical marijuana cooperative, collective, dispensary, operator, establishment, or provider that is also a licensed residential medical or elder care facility.

(e) This section shall apply only to a medical marijuana cooperative, collective, dispensary, operator, establishment, or provider that is authorized by law to possess, cultivate, or distribute medical marijuana and that has a storefront or mobile retail outlet which ordinarily requires a local business license.

(f) Nothing in this section shall prohibit a city, county, or city and county from adopting ordinances or policies that further restrict the location or establishment of a medical marijuana cooperative, collective, dispensary, operator, establishment, or provider.

(g) Nothing in this section shall preempt local ordinances, adopted prior to January 1, 2011, that regulate the location or establishment of a medical marijuana cooperative, collective, dispensary, operator, establishment, or provider.

(h) For the purposes of this section, "school" means any public or private school providing instruction in kindergarten or grades 1 to 12, inclusive, but does not include any private school in which education is primarily conducted in private homes.

11362.769. Indoor and outdoor medical marijuana cultivation shall be conducted in accordance with state and local laws related to land conversion, grading, electricity usage, water usage, water quality, woodland and riparian habitat protection, agricultural discharges, and similar matters. State agencies, including, but not limited to, the State Board of Forestry and Fire Protection, the Department of Fish and Wildlife, the State Water Resources Control Board, the California regional water quality control boards, and traditional state law enforcement agencies shall address environmental impacts of medical marijuana cultivation and shall coordinate, when appropriate, with cities and counties and their law enforcement agencies in enforcement efforts.

11362.77. (a) A qualified patient or primary caregiver may possess no more than eight ounces of dried marijuana per qualified patient. In addition, a qualified patient or primary caregiver may also maintain no more than six mature or 12 immature marijuana plants per qualified patient.

(b) If a qualified patient or primary caregiver has a doctor's recommendation that this quantity does not meet the qualified patient's

medical needs, the qualified patient or primary caregiver may possess an amount of marijuana consistent with the patient's needs.

(c) Counties and cities may retain or enact medical marijuana guidelines allowing qualified patients or primary caregivers to exceed the state limits set forth in subdivision (a).

(d) Only the dried mature processed flowers of female cannabis plant or the plant conversion shall be considered when determining allowable quantities of marijuana under this section.

(e) The Attorney General may recommend modifications to the possession or cultivation limits set forth in this section. These recommendations, if any, shall be made to the Legislature no later than December 1, 2005, and may be made only after public comment and consultation with interested organizations, including, but not limited to, patients, health care professionals, researchers, law enforcement, and local governments. Any recommended modification shall be consistent with the intent of this article and shall be based on currently available scientific research.

(f) A qualified patient or a person holding a valid identification card, or the designated primary caregiver of that qualified patient or person, may possess amounts of marijuana consistent with this article.

11362.775. (a) Subject to subdivision (b), qualified patients, persons with valid identification cards, and the designated primary caregivers of qualified patients and persons with identification cards, who associate within the State of California in order collectively or cooperatively to cultivate cannabis for medical purposes, shall not solely on the basis of that fact be subject to state criminal sanctions under Section 11357, 11358, 11359, 11360, 11366, 11366.5, or 11570.

(b) This section shall remain in effect only until one year after the Bureau of Medical Marijuana Regulation posts a notice on its Internet Web site that the licensing authorities have commenced issuing licenses pursuant to the Medical Marijuana Regulation and Safety Act (Chapter 3.5 (commencing with Section 19300) of Division 8 of the Business and Professions Code), and is repealed upon issuance of licenses.

11362.777. (a) The Department of Food and Agriculture shall establish a Medical Cannabis Cultivation Program to be administered by the secretary and, except as specified in subdivision (c), shall administer this section as it pertains to the cultivation of medical marijuana. For purposes of this section and Chapter 3.5 (commencing with Section 19300) of Division 8 of the Business and Professions Code, medical cannabis is an agricultural product.

(b) (1) A person or entity shall not cultivate medical marijuana without first obtaining both of the following:

(A) A license, permit, or other entitlement, specifically permitting cultivation pursuant to these provisions, from the city, county, or city and county in which the cultivation will occur.

(B) A state license issued by the department pursuant to this section.

(2) A person or entity shall not submit an application for a state license issued by the department pursuant to this section unless that person or entity has received a license, permit, or other entitlement, specifically permitting cultivation pursuant to these provisions, from the city, county, or city and county in which the

cultivation will occur.

(3) A person or entity shall not submit an application for a state license issued by the department pursuant to this section if the proposed cultivation of marijuana will violate the provisions of any local ordinance or regulation, or if medical marijuana is prohibited by the city, county, or city and county in which the cultivation is proposed to occur, either expressly or otherwise under principles of permissive zoning.

(c) (1) Except as otherwise specified in this subdivision, and without limiting any other local regulation, a city, county, or city and county, through its current or future land use regulations or ordinance, may issue or deny a permit to cultivate medical marijuana pursuant to this section. A city, county, or city and county may inspect the intended cultivation site for suitability before issuing a permit. After the city, county, or city and county has approved a permit, the applicant shall apply for a state medical marijuana cultivation license from the department. A locally issued cultivation permit shall only become active upon licensing by the department and receiving final local approval. A person shall not cultivate medical marijuana before obtaining both a permit from the city, county, or city and county and a state medical marijuana cultivation license from the department.

(2) A city, county, or city and county that issues or denies conditional licenses to cultivate medical marijuana pursuant to this section shall notify the department in a manner prescribed by the secretary.

(3) A city, county, or city and county's locally issued conditional permit requirements must be at least as stringent as the department's state licensing requirements.

(d) (1) The secretary may prescribe, adopt, and enforce regulations relating to the implementation, administration, and enforcement of this part, including, but not limited to, applicant requirements, collections, reporting, refunds, and appeals.

(2) The secretary may prescribe, adopt, and enforce any emergency regulations as necessary to implement this part. Any emergency regulation prescribed, adopted, or enforced pursuant to this section shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and, for purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of the regulation is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare.

(3) The secretary may enter into a cooperative agreement with a county agricultural commissioner to carry out the provisions of this chapter, including, but not limited to, administration, investigations, inspections, licensing and assistance pertaining to the cultivation of medical marijuana. Compensation under the cooperative agreement shall be paid from assessments and fees collected and deposited pursuant to this chapter and shall provide reimbursement to the county agricultural commissioner for associated costs.

(e) (1) The department, in consultation with, but not limited to, the Bureau of Medical Marijuana Regulation, the State Water Resources Control Board, and the Department of Fish and Wildlife, shall implement a unique identification program for medical marijuana. In implementing the program, the department shall consider issues,

including, but not limited to, water use and environmental impacts. In implementing the program, the department shall ensure that:

(A) Individual and cumulative effects of water diversion and discharge associated with cultivation do not affect the instream flows needed for fish spawning, migration, and rearing, and the flows needed to maintain natural flow variability.

(B) Cultivation will not negatively impact springs, riparian wetlands, and aquatic habitats.

(2) The department shall establish a program for the identification of permitted medical marijuana plants at a cultivation site during the cultivation period. The unique identifier shall be attached at the base of each plant. A unique identifier, such as, but not limited to, a zip tie, shall be issued for each medical marijuana plant.

(A) Unique identifiers will only be issued to those persons appropriately licensed by this section.

(B) Information associated with the assigned unique identifier and licensee shall be included in the trace and track program specified in Section 19335 of the Business and Professions Code.

(C) The department may charge a fee to cover the reasonable costs of issuing the unique identifier and monitoring, tracking, and inspecting each medical marijuana plant.

(D) The department may promulgate regulations to implement this section.

(3) The department shall take adequate steps to establish protections against fraudulent unique identifiers and limit illegal diversion of unique identifiers to unlicensed persons.

(f) (1) A city, county, or city and county that issues or denies licenses to cultivate medical marijuana pursuant to this section shall notify the department in a manner prescribed by the secretary.

(2) Unique identifiers and associated identifying information administered by a city or county shall adhere to the requirements set by the department and be the equivalent to those administered by the department.

(g) This section does not apply to a qualified patient cultivating marijuana pursuant to Section 11362.5 if the area he or she uses to cultivate marijuana does not exceed 100 square feet and he or she cultivates marijuana for his or her personal medical use and does not sell, distribute, donate, or provide marijuana to any other person or entity. This section does not apply to a primary caregiver cultivating marijuana pursuant to Section 11362.5 if the area he or she uses to cultivate marijuana does not exceed 500 square feet and he or she cultivates marijuana exclusively for the personal medical use of no more than five specified qualified patients for whom he or she is the primary caregiver within the meaning of Section 11362.7 and does not receive remuneration for these activities, except for compensation provided in full compliance with subdivision (c) of Section 11362.765. For purposes of this section, the area used to cultivate marijuana shall be measured by the aggregate area of vegetative growth of live marijuana plants on the premises. Exemption from the requirements of this section does not limit or prevent a city, county, or city and county from exercising its police authority under Section 7 of Article XI of the California Constitution.

11362.78. A state or local law enforcement agency or officer shall not refuse to accept an identification card issued by the department unless the state or local law enforcement agency or officer has

reasonable cause to believe that the information contained in the card is false or fraudulent, or the card is being used fraudulently.

11362.785. (a) Nothing in this article shall require any accommodation of any medical use of marijuana on the property or premises of any place of employment or during the hours of employment or on the property or premises of any jail, correctional facility, or other type of penal institution in which prisoners reside or persons under arrest are detained.

(b) Notwithstanding subdivision (a), a person shall not be prohibited or prevented from obtaining and submitting the written information and documentation necessary to apply for an identification card on the basis that the person is incarcerated in a jail, correctional facility, or other penal institution in which prisoners reside or persons under arrest are detained.

(c) Nothing in this article shall prohibit a jail, correctional facility, or other penal institution in which prisoners reside or persons under arrest are detained, from permitting a prisoner or a person under arrest who has an identification card, to use marijuana for medical purposes under circumstances that will not endanger the health or safety of other prisoners or the security of the facility.

(d) Nothing in this article shall require a governmental, private, or any other health insurance provider or health care service plan to be liable for any claim for reimbursement for the medical use of marijuana.

11362.79. Nothing in this article shall authorize a qualified patient or person with an identification card to engage in the smoking of medical marijuana under any of the following circumstances:

(a) In any place where smoking is prohibited by law.

(b) In or within 1,000 feet of the grounds of a school, recreation center, or youth center, unless the medical use occurs within a residence.

(c) On a schoolbus.

(d) While in a motor vehicle that is being operated.

(e) While operating a boat.

11362.795. (a) (1) Any criminal defendant who is eligible to use marijuana pursuant to Section 11362.5 may request that the court confirm that he or she is allowed to use medical marijuana while he or she is on probation or released on bail.

(2) The court's decision and the reasons for the decision shall be stated on the record and an entry stating those reasons shall be made in the minutes of the court.

(3) During the period of probation or release on bail, if a physician recommends that the probationer or defendant use medical marijuana, the probationer or defendant may request a modification of the conditions of probation or bail to authorize the use of medical marijuana.

(4) The court's consideration of the modification request authorized by this subdivision shall comply with the requirements of this section.

(b) (1) Any person who is to be released on parole from a jail, state prison, school, road camp, or other state or local institution of confinement and who is eligible to use medical marijuana pursuant to Section 11362.5 may request that he or she be allowed to use

medical marijuana during the period he or she is released on parole. A parolee's written conditions of parole shall reflect whether or not a request for a modification of the conditions of his or her parole to use medical marijuana was made, and whether the request was granted or denied.

(2) During the period of the parole, where a physician recommends that the parolee use medical marijuana, the parolee may request a modification of the conditions of the parole to authorize the use of medical marijuana.

(3) Any parolee whose request to use medical marijuana while on parole was denied may pursue an administrative appeal of the decision. Any decision on the appeal shall be in writing and shall reflect the reasons for the decision.

(4) The administrative consideration of the modification request authorized by this subdivision shall comply with the requirements of this section.

11362.8. No professional licensing board may impose a civil penalty or take other disciplinary action against a licensee based solely on the fact that the licensee has performed acts that are necessary or appropriate to carry out the licensee's role as a designated primary caregiver to a person who is a qualified patient or who possesses a lawful identification card issued pursuant to Section 11362.72. However, this section shall not apply to acts performed by a physician relating to the discussion or recommendation of the medical use of marijuana to a patient. These discussions or recommendations, or both, shall be governed by Section 11362.5.

11362.81. (a) A person specified in subdivision (b) shall be subject to the following penalties:

(1) For the first offense, imprisonment in the county jail for no more than six months or a fine not to exceed one thousand dollars (\$1,000), or both.

(2) For a second or subsequent offense, imprisonment in the county jail for no more than one year, or a fine not to exceed one thousand dollars (\$1,000), or both.

(b) Subdivision (a) applies to any of the following:

(1) A person who fraudulently represents a medical condition or fraudulently provides any material misinformation to a physician, county health department or the county's designee, or state or local law enforcement agency or officer, for the purpose of falsely obtaining an identification card.

(2) A person who steals or fraudulently uses any person's identification card in order to acquire, possess, cultivate, transport, use, produce, or distribute marijuana.

(3) A person who counterfeits, tampers with, or fraudulently produces an identification card.

(4) A person who breaches the confidentiality requirements of this article to information provided to, or contained in the records of, the department or of a county health department or the county's designee pertaining to an identification card program.
